Truman Strengthens Power Of Johnson

Puts Armed Forces Below Defense Sec.

Washington, July 18.—(AP)—President Truman today issued an order welding the armed forces into closer unity by strengthening the powers of the secretary of defense.

The decree becomes effective in 60 days unless the senate or house should disapprove it meantime. Mr. Truman acted under powers given him by the recent reorganization act.

He said that under the reorganization law, he couldn't effect budgetary reforms by executive order. But he said his order does the following things:

Department of Defense
1. The national military establishments become the Department of Defense.

2. The defense secretary will have "authority, direction and control over the department."

3. The army, navy and air force continue as executive departments under their respective secretaries.

4. "The plan does not change, or authorize the secretary of defense to change, the statutory assignment of functions, roles and missions" to the three services.

5. It removes "the curious restrictions and limitations imposed on the secretary of defense" by the present law. It makes him the sole representative of the department on the national security council.

Taken Off Security Council
6. The three subordinate secretaries are taken off the national security council, and they lose their right to go over the defense secretary's head to deal directly with the president and budget director.

7. Provision is made for a deputy secretary of defense, in place of undersecretary; three assistant secretaries of defense, a chairman of a new personnel policy board set up under the plan, and a chairman of the joint chiefs of staff.

Taking note of criticism, Mr. Truman denied it would make a dictator of Secretary of Defense Johnson.

He said it "does not mean the creation of one-man rule or dictatorship."

He added: "It does mean, however, that we can receive full value from the dollars which go for defense and that the government's activities in this important area will be more effectively planned and managed."

Vampire Murderer Tells Of Killing 9, Drinking Blood

Lewes, England, July 18.—(AP)—Britain's accused vampire killer, John George Haigh, was quoted in court today as admitting to police he slew nine persons, drank their blood and then dissolved their bodies in a bubbling acid brew.

The statement was read at the opening of Haigh's murder trial by his lawyer, who asked the jury for a "special verdict" of guilty but insane.

Haigh, 39, a handsome, well-groomed businessman, went on trial for one killing—that of a wealthy widow last February. He entered a formal plea of innocent to the murder charge.

Attorney General Sir Hartley Shawcross, the prosecutor, contended that Haigh was sane at the time he is accused of murdering Mrs. Olive Durand-Deacon, 69, in his factory warehouse last Feb. 18.

Shawcross charged the murder was "carefully premeditated for gain."

Outlining his defense of insanity, Defense Attorney, Sir David Maxwell Fyfe read lengthy statements he said Haigh made to police confessing he killed Mrs. Durand-Deacon and eight others, drinking their blood before dissolving their bodies in acid.

In Haigh's purported statement read by Sir David, he said he lured Mrs. Durand-Deacon to a suburban factory warehouse and shot her in the back of the neck.

"Then I fetched in a drinking glass and made an incision. I think with a penknife, in the side of the neck and collected a glass of blood, which I drank."

WINS \$135,000 OUT OF COURT SETTLEMENT

Chicago, July 18.—(AP)—A Chicago attorney today won a \$135,000 out of court settlement for a railroad freight conductor who lost both legs in a railroad accident.

The conductor is Peter J. O'Neil, 38, who lost his legs in an accident on the Central Railroad of Pennsylvania at Allentown. The accident occurred Jan. 20, 1948.

He sued, but the attorney, Bruno Herlich, effected an out of court settlement. O'Neil lives in Mauch Chunk, Pa.

Senate Group Passes Military Pay Raise

Washington, July 18.—(AP)—The \$300,000,000 pay raise bill for the uniformed services was approved, 9 to 1, today by the senate armed services committee.

The group made some changes affecting higher officers in the bill as passed by the House.

Lowest ranking enlisted men receive pay boosts of three per cent. From there the increase would range upward to 40 per cent for brigadier generals, with higher generals receiving a somewhat smaller increase. When the legislation was introduced it was explained that officers, unlike enlisted men, have not had a general raise for years.

Chairman Tydings (D-Md.) of the senate committee said yesterday he doubts if Senators will wish to pass it unless savings are made elsewhere.

The first figure is the present base pay, the second is the House figure and the third is the increase approved by the senate group.

Generals, lieutenant generals and major generals — \$733.33—\$877.50—\$926.25.

Brigadier generals \$550 — \$729 — \$758.50.

The cut-back in flight pay for the top-ranking generals and naval officers who are airmen was taken to remove some of the incentive to fly merely to get the extra hazard pay.

The senate committee's increase in base pay would compensate somewhat for the loss in flight pay, it was explained.

Emergency Called In Centralia Area
Polio Epidemic

Centralia, Ill., July 18.—(AP)—The number of poliomyelitis cases rose to 23 today in the Centralia area. Illinois health officials called it an epidemic.

An emergency treatment center, which state health authorities ordered opened here for the operations of a flying squad of polio experts was expected to be ready for patients by Wednesday.

Nearly 200 volunteers cleaned up the remodeled mansion, housing the center, on short notice. About 50 beds were expected to arrive today from Chicago.

Two more cases confirmed today followed the other victims to an east St. Louis hospital 60 miles away.

Of the total, 17 range in age from seven months to nine years, and four are between 19 and 24 years old.

Sponsors Modify Farm Bill To Get Congress Approval

Washington, July 18.—(AP)—The administration's farm bill, embodying a trial run for the Brannan farm subsidy plan, was modified by its sponsors tonight in an effort to head off a threat of defeat at the hands of an opposing Democrat-Republican coalition.

Chairman Cooley (D-NC) of the House Agriculture committee announced the administration-sponsored bill would be revised to restrict the Brannan plan trial run to two years, with a definite restriction of the experiment to potatoes, eggs and shorn wool.

"I think the administration bill will win through bi-partisan support," he later told reporters.

The House begins the crucial farm debate tomorrow.

The administration forces gave ground, by restricting the crops on which the Brannan plan can be tried. As now drawn, the measure lets Secretary of Agriculture Brannan select three perishable foods or two perishables and wool, on which to try out his subsidy plan.

Brannan Suggests Middleman Profits Too Much On Food

Washington, July 18.—(AP)—Secretary of Agriculture Brannan suggested to congressional monopoly investigators today that they take a look at "middlemen's" profit in the food industry.

While retail prices are on the downgrade, he charged, the middleman's charges are holding up at the expense of the farmer.

"At last July's prices," he said, "the annual retail cost of filling the food market basket for a family of three average consumers was \$708. At prices in April of this year, the comparable figure was \$647, a reduction of \$61."

"Yet in April the entire difference in cost to consumers was coming out of the farmer's price—none out of the middlemen's margins."

Brannan testified before a house judiciary subcommittee studying monopoly powers.

MAN NEARLY DIES FROM TOURNIQUET

Austin, Minn., July 18.—(AP)—Well-meaning companions put a tourniquet around Thomas Downey's neck after he suffered a head cut in a fall from a truck Sunday.

A woman passerby persuaded them to loosen it. Downey, 25, was revived when an ambulance arrived. He was released from hospital today.

Public Hearings In Steel Dispute To Begin July 28

Washington, July 18.—(AP)—President Truman's fact-finding board today set July 28 for the start of public hearings on the question of a fourth round of post-war wage increases in the steel industry.

The hearings will be held in New York.

Chairman Carroll Daugherty told newsmen after a 45-minute organizational meeting at the White House that he expects cooperation from both sides in the dispute over wages, pensions and insurance.

He said he is not anticipating any controversy of any kind.

Daugherty, professor of business economics at Northwestern university, also predicted that the three-man board will be ready to make its recommendations well within the 45-day period specified by Mr. Truman.

The board was appointed by Mr. Truman in a successful eleven-hour move last week to avert a threatened strike in the steel industry.

At Mr. Truman's personal request, CIO President Philip Murray postponed the walkout until Sept. 14, unless the controversy is settled by that date.

Meanwhile, steel was reported flowing from the nation's furnaces at a virtually undiminished rate.

Chairman Daugherty told reporters at the White House that the fact-finding board will meet in New York July 26—two days before the formal hearings begin—to arrange for "procedural matters" with union and industry officials.

He said the decision to delay the opening of hearings until 10 days hence will give both sides ample time to prepare their evidence for the board's consideration.

Scott Announces He Will Resign As National GOP Head

Washington, July 18.—(AP)—Hugh D. Scott announced tonight that he will resign as chairman of the Republican National committee next month.

Rep. Scott, who has been under heavy fire within his own party in an effort to force him out, said he will call the national committee to meet here Aug. 4.

The chairman, a house member from Pennsylvania, was given the party post through the influence of Gov. Thomas E. Dewey, of New York, after the latter was nominated for president in 1948.

Rivals of Dewey have been reported leading the attacks on Scott. He survived one determined effort to oust him at a party conference in Omaha several months ago.

Scott, elected for a four year term, said in a statement that "certain dissensions continue" within the party organization.

"I shall not attempt to place the responsibility," he said, "to do so would serve no useful purpose. The composing of these differences remains the party's immediate duty."

Cain Says Spain Should Have Been Included In Pact

Washington, July 18.—(AP)—A complaint that the framers of the North Atlantic security pact made a mistake by omitting Franco Spain was made in the senate today by Senator Cain (R-Wash.).

Cain stressed what he termed Spain's strategic position in event of a conflict with communism. He also said the door should be held open for Sweden, Greece and Turkey to join the alliance.

The senate is near the end of its long debate on the pact. It is due to vote at 3 p.m. CST, Thursday, with the backers of the treaty confident that the necessary two-thirds will be mustered and that the treaty will be ratified without reservation.

Senator Cain, a World War II paratrooper, said he intends to vote for the treaty, but he criticized several phases of it.

Cain particularly spoke out against the treaty's omission of Franco Spain just because, he said, some European politicians "don't like the color of Franco's nose."

Will Take Secret Of Bogus Money Source To Prison

East St. Louis, Ill., July 18.—(AP)—Jack Tallo apparently intends to take to prison the secret of where he obtained his counterfeit money.

The Pinckneyville coal mine and furniture store operator, 38, pleaded guilty two weeks ago to charges of passing bogus money. He refused a demand by Federal Judge Fred L. Wham that he identify his source, saying "my life wouldn't be worth 50 cents if I did."

"In other words," the court said, "you are protecting a source so anxious to protect its racket it will go to any length."

Tallo agreed. Sentencing was postponed to give him time to think it over.

Tallo refused again today to name his source. Judge Wham sentenced him to six years in prison on each of three counts, the terms to run concurrently. Maximum sentence would have been 15 years and a \$15,000 fine on each count.

WYMAN DIVORCES REAGAN

Los Angeles, July 18.—(AP)—Actress Jane Wyman today won a final decree of divorce from Ronald Reagan.

She was granted an interlocutory decree June 28, 1948, after testifying his position as president of the Screen Actors Guild took up so much of his time there was "nothing left to sustain our marriage."

She has custody of their two children.

Reds Will Try To Win Catholics To Party

Jackie Robinson Says Robeson Plain 'Silly'

Washington, July 18.—(AP)—Jackie Robinson declared today that Paul Robeson was just plain "silly" when he said that American negroes would never fight against Russia.

In case of war negroes would pitch in "to help their country win" whether the war be against "Russia or any other enemy," the Brooklyn Dodgers' star infielder told the House committee on Un-American activities.

"No one has ever questioned my race's loyalty," he said, "except a few people who don't amount to very much."

The hard-hitting ball player said negroes are "stirred up" about racial discrimination, but don't need—or want—the help of communists in fighting it.

"We can win our fight without the communists," Robinson said, "and we don't want their help."

This came at the end of a prepared statement he read to the committee, and was greeted by a loud "amen" from somewhere in the audience crowded into the small committee hearing room. Spectators crowded around Robinson after he finished to congratulate him.

He was the final witness on communist influence among negroes. Robinson said he really had no comment to make on a recent statement by singer Robeson, once a famous athlete too, that American negroes would not fight in a war against Russia.

The statement "sounds very silly to me," Robinson said, adding: "But he has a right to his personal views, and if he wants to sound silly when he expresses them in public, that's his business and not mine."

A handsome young fellow with a quick smile, Robinson told the committee he had been advised, by some communist sympathizers and also people opposed to communism, not to testify. He said he chose to do so out of a "sense or responsibility."

Czechs Hang Five Convicted Of Plot Against Commies

Prague, Czechoslovakia, July 18.—(AP)—The hangman took the lives today of five Czechs convicted of plotting with a British diplomat to overthrow this country's communist-led government.

A one-paragraph announcement by the official press agency reported the execution of the five at Prague's big Pankraz prison.

The government had described them as ringleaders of a conspiracy to set up a military dictatorship headed by Gen. Alois Liska, wartime tank commander now exiled in England.

Their secret trial early last month was one of the biggest plot cases since the communists took over control of Czechoslovakia in February, 1948. Of ten other Czechs on trial, eight were sentenced to life imprisonment and two to 25 years.

The five executed today were Miroslav Jevaby, Bohuslav Hubalek, Vilém Sok, Karel Sagella and Josef Gonik.

All were convicted of high treason and Jevaby of espionage.

New York May Not Have Monopoly On The 'Met' Opera

Chicago, July 18.—(AP)—A Chicago opera group took the first step today toward calling itself "The Metropolitan Opera Association of Chicago."

The New York opera is called "The Metropolitan Opera Association of New York." Last Dec. 2, Federal Judge William H. Holly ruled the Chicagoans using this name, although "metropolitan" in their title. The New York group had sued to prevent the Chicagoans using this name, alleging it resulted in much "confusion and expense."

Today Federal Judge Walter J. La Bay allowed the filing of a brief in support of a motion to vacate Judge Holly's ruling.

Attorney David A. Bridwell argued that federal courts lack jurisdiction over suits filed in state by corporations not licensed to do business in those states.

Judge La Bay, ordering the New York Met to file its answer by Aug. 12, set hearing for Sept. 12.

Treasurer Held In Case Of Shrunk Vacation Kitty

New York, July 18.—(AP)—To make sure they'd have funds for their annual vacation, 40 garment workers started a saving club last winter and built up a kitty of \$4,700.

Today their vacation began but nobody left for the mountains or seashore.

The \$4,700 reportedly had shrunk to \$8.

The district attorney's office said Treasurer Victor Karp, 43, offered this accounting:

Spent by himself, \$2,992. Put out on loan, \$1,700. Karp was charged with grand larceny.

GREEKS ORDER ALL NEWSMEN OUT OF WAR

Athens, July 18.—(AP)—The Greek army ordered foreign news correspondents to keep out of the civil war fighting zone early today but a few hours later revised the ban to permit a limited number of reporters to move freely.

American newsmen protested to the U. S. embassy and the U. S. State Department that the ban apparently violated guarantees under the American Aid Agreement for unrestricted reporting on use of American funds and materials in Greece.

Revive Outstretched Hand Policy

World Communism appears to have revived its "outstretched hand" policy as a weapon of counterattack against a bold Vatican offensive.

The Communists apparently are fearful that their campaign to penetrate the strong Catholic ranks of Europe will be stopped dead in its tracks by the Vatican decree commanding Catholics to avoid Communist taint.

The French Communist party, Moscow's bellwether in the west, issued the signal over the weekend. An echo was heard in Italy, where the Communists have been strongest anywhere outside the Russian orbit.

Extends Red Hand
"We will continue our policy of the hand extended to the Catholics," declared Maurice Thorez, France's No. 1 communist. "We are sure that the hands that were joined in the battles of liberation will not be unclasped."

Thorez speaks with the authority of the Kremlin. It was Thorez, for instance, who first pronounced the communist stand that Reds would welcome invading Soviet armies. It was Thorez's No. 2 man, Jacques Duclos, who read Earl Browder, the American Communist leader, out of the party a few years ago. It was Thorez, away back in 1936, who first pronounced the "outstretched hand" policy.

Thorez made his remarks Sunday at Grenoble. The same day, Palmiro Togliatti, leader of Italy's 2,300,000 Communists, tried to assure Catholics they could be Communists and followers of the church at the same time—that Communism does "not enter into the conscience of the militant."

Forbids Enter In Reds
The Vatican decree, made public last week, forbids Catholics to "enlist in or show favor to" the Communist party, under pain of being denied the sacraments of the church. It warned that membership in the Communist party in itself was sufficient to incur excommunication.

Among ardent Communist party members, the decree's effect is doubtful. In order to become a member of the party, a Communist theoretically would have rejected organized religion. Its effect is likely to be felt strongly, however, in the ranks of the wavering and sympathizers among Catholics in Europe—the so-called "economic Communists," who believe they can cling to their faith while supporting the Communist cause.

According to the best available sources, surveyed by the Associated Press, this is likely to be the effect of the decree throughout the world: The United States: Catholics will be alerted to the Communist attempt, which Louis F. Budenz, former member of the American Communist politburo, says now is centered in Chicago and the Middle West, to infiltrate their ranks and will be better able to fight it. Budenz renounced Communism in 1945.

Italy: born and baptized in the Catholic faith where Communist leaders Palmiro Togliatti, Luigi Longo, the No. 2 man in the party; Giuseppe Di Vittorio, the leader of the powerful Communist-led confederation of labor, and virtually all the rank-and-file members of the party in Catholic Italy. The impact is likely to be in the labor confederation and in the political alignments, since Vatican sources say the Pope's decree is aimed just as much at fellow travelers as at full party members.

Officer Suspended For Shooting Man

Chicago, July 18.—(AP)—A policeman was suspended today after allegations he shot a clerk in a north side bowling alley while he was intoxicated but still in uniform.

Police Commissioner John C. suspended the officer, James Fagan, 30, and said he would prefer charges against him.

Edward Polson, 45, a clerk, was shot in the right arm. Police said Fagan repeatedly pulled his pistol and finally fired a wild shot. Capt. Herbert Burns interviewed Fagan after the shooting and described him as "drunk."

REDUCED SOUND EFFECTS

Don't be puzzled if you hear a lot less from our senators in the next month or so than you've grown accustomed to hearing.

To permit repairs to their regular chamber, they've been squeezed into an old room in the Capitol last used by the Senate in 1859. Space for newsmen and the public is severely limited; hence statesmanlike utterances may not carry as far as normally.

Some senators already have begun to balance this handicap. They are identifying themselves with Daniel Webster, Henry Clay and other illustrious predecessors who made laws in that old room.

If they can't get wide distribution, they'll shoot for the smaller quality market.

Boat Races Will
Be Held Sunday
By Hardin Vets

A huge crowd, possibly in excess of 5000, is expected to attend the 2nd annual outboard motor regatta at Legion Park, Hardin, Ill., Sunday afternoon. First event of the afternoon racing card will begin at 1:30 and will run through 5 o'clock.

The field of more than 30 outstanding drivers from this section of the country will compete for prize money in a diversified program of speed and novelties. Such drivers as Al Hoppe, Dewey Renter, Clem Herr, Steve Gaunter, all record holders, and a score or more equally as fast and daring are expected to compete.

The low stage of the river, coupled with the long shore line, with plenty of shade, will afford everybody a good opportunity to witness the thrills and spills at close range.

State and local police, with Legionnaires' help, will direct traffic and park cars free of charge.

THE DOCTOR SAYS

Sunstroke, Heat
Exhaustion Are
Easily Avoided

By Edwin P. Jordan, M. D.
Written for NEA Service

Both sunstroke and heat exhaustion are serious conditions. It is far better to prevent than to treat them. All that is necessary is to avoid exposure. Except for the occasional person who cannot avoid the heat there is no excuse for getting these unfortunate reactions at all.

In serious sunstroke or heatstroke there is complete loss of consciousness. The face develops a peculiar red flush and the skin is hot and dry. Fever, sometimes up to 109 degrees or more, may be present. Both the pulse and breathing are abnormal. It is a highly dangerous condition.

If the victim can be kept alive for two days recovery is probable. However, one attack increases the susceptibility to heat in the future. In sunstroke, the normal methods which the body has of maintaining its heat regulation seem to be entirely upset. It calls for prompt and even radical treatment.

Heat Exhaustion
Heat exhaustion is a less severe reaction to hot sun or excessive heat. It is related to sunstroke and shades gradually into the more serious condition. However, most physicians differentiate between heat exhaustion and sunstroke because the latter is so much more dangerous.

In heat exhaustion, the principal symptoms are dizziness, excessive sweating, decrease in the amount of urine, a feeling of great weakness, paleness and a rapid pulse rate and breathing rate.

Generally speaking, people do not lose consciousness with heat exhaustion. Sometimes muscles of the abdomen or the limbs develop pain of a cramp-like nature. The mouth temperature is likely to be below normal or only slightly raised.

Heat exhaustion tends to come on much more slowly than sunstroke. Headache, loss of appetite, constipation and muscular weakness may precede for several days the development of characteristic symptoms. Rest in a cool place for quite a long time may be enough to take care of heat exhaustion but other measures also may be necessary.

Husbands Are
So Different

By HAL BOYLE

New York.—(AP)—The monotony of modern life sometimes got Wilbur Peeble down.

He felt that way this morning when the alarm clock shilled him awake. He glanced over at the other twin bed and half-hartedly hoped to see there something to surprise him—perhaps an elephant or a small shetland pony.

But, as usual, he looked only into the eyes of his wife, Trellis Mae, placidly waiting for him to turn off the alarm. Wilbur did.

"Animals don't have to wake up to an alarm clock," he said. "Why should men? The day I retire I am going to throw that darn thing right through the window."

But, he figured moodily, that would be 30 years from now, and who could say whether he or the alarm clock would wear out first? He got up to shave and soon noticed a thin streak of crimson on his cheek.

"There are probably 47,600,000 men shaving right at this minute," he thought, "and I have to be the one who cuts himself."

Driving to work Wilbur growled: "Here I am, just one of maybe 20,000,000 tinkers in a mortgaged motor car trying to beat the boss into the office. And there are probably 50,000 traffic cops hiding behind the bushes to catch us. Every day it's the same."

When he got to his desk, he looked around. There were at least 50 other desks exactly like his.

"Everybody doing the same thing," Wilbur grumbled. He strolled over to the water cooler and filled a paper cup.

"Water," he said. "Wonder if there ever really was an office where they put gin in the water cooler?"

At 11:30 Wilbur bolted out the door, grabbed an elevator and managed to get to the drugstore in time to grab a counter seat.

"Malted milk and ham sandwich," he mumbled. He looked at the man next to him, munching on a sandwich and drinking a malted milk.

Wilbur looked the other way. The girl seated on that side was having a sandwich and a malted milk, too.

"Everybody even eats the same thing—and at the same time," Wilbur thought in desperation.

When Wilbur got home he was in a blue funk. He kissed his wife absent-mindedly. Then as he looked out at the 14-story apartment across the way he thought uneasily:

"I'll bet right now a husband on every floor just walked in and kissed his wife."

"I'm Different, Kid!" He turned to Trellis Mae and asked:

"Honey, why did you marry me anyway?"

"Why, because you were so different," she said.

"How do you mean?"

"Oh, I don't know. You were just different from the others."

"H-m-m-m-m," said Wilbur. He walked into the bathroom, closed the door and studied himself in the mirror. Yes, there were lines of honest character in the face that looked back at him.

"I do look a little different," said Wilbur. "Women are really perceptive," he felt much better.

In the living room Trellis Mae mused to herself:

"I wonder why I really did marry the big ape. I guess it was because he looked so lonesome—like he needed to settle down and lead a nice calm life."

Then Wilbur came back in. "Put on your glad rags, kid," he said. "Let's have dinner out and take in a show."

"People don't say things like 'glad rags' anymore," laughed his wife.

"I do," said Wilbur. "I'm different."

Six Persons Hurt
In Auto Accident;
Two Hospitalized

Six persons were injured, two seriously, in an automobile accident which occurred on Ashland rural route one about noon Sunday.

In the car headed west were Mr. and Mrs. John Maddox and Jerry Case. They were returning from services at Eckman Chapel, seven miles southeast of Ashland.

Another car, coming from the north, reportedly struck the Maddox car on the left side, knocking it across the road and into a tree.

Ramona Joanne Johnson, 18, driver of the car, her sister, Betty Marie Johnson, 22, and brother, Hal Samuel Johnson, 8, were in the second car.

Mr. and Mrs. Maddox were taken to Our Saviour's hospital, where it was disclosed that Mrs. Maddox sustained possible pelvic injuries. Mr. Maddox suffered shoulder and arm injuries. Both remained at the hospital.

The young boy riding with them suffered a cut over his ear and was treated at Ashland by Dr. John Wolaver.

The Johnsons were taken to St. John's hospital at Springfield. Ramona Johnson, who had a chest injury and cuts on her face and knee, was admitted as a patient and later released. The other two were dismissed immediately.

Both cars were badly damaged in the smash-up. The Maddox car is at Yancy's garage in Ashland.

ITALIAN CHILDREN
VACATION IN DENMARK

Rome.—(AP)—Five hundred Italian children will spend their holidays in Denmark under the International Union for the Protection of Children. The Union is an independent organization "which looks after children not eligible for help under other existing schemes," said Miss Claire Wenner, delegate for the organization for Italy.

The 500 children will be the third batch of young Italians to spend their vacations in Denmark. In 1947 one thousand were sent there and last year another 500.

Reproduced below are a few of the many questions asked by local people and the answers as given by Alano Dass from the stage of the Illinois Theatre.

D.G.—How long will I keep my present position?

A.—It appears to me that you will have an offer of a better position during the month of September and at that time you will make a change.

L.P.—Are we going to sell our farm and make a change of states?

A.—It is my impression that you will sell during the next six months and will move to Arizona. It appears that you've had this change in mind for the past two years.

M.B.—When will my boy friend be home to stay and will we be married?

A.—He will be home in October... and a marriage is indicated during the latter part of November.

C.C.—Will B. marry R.?

A.—It is my impression that she will not. Your daughter is planning and preparing to go back to college this fall, and I think when she returns to school that she will become interested in other young men and will forget her infatuation with this older man.

R.G.—Are we going to build or buy a house and when?

A.—It appears to me that you are going to buy a house and within the next two weeks. It will be the one that you looked at three or four days ago and liked so much.

1949 Derby Champion Worked Hard To Win

Probably the most excited youngster in central Illinois Sunday afternoon was Roger Cannell, 13, son of Mr. and Deane L. Cannell, 28 Sunset Drive, Roger, who outdrove every driver in the Soap Box Derby, will represent the Jacksonville Journal-Courier in the national finals at the All American Derby in Akron on August 14.

Dressed in Indian moccasins because he is too big to get into his car with shoes, Cannell was near tears as he crossed the finish line. He fought his car every inch of the race and the going had not been easy.

POISON IVY

OAK or SUMAC Science has discovered an excellent new treatment for ivy, oak or sumac poisoning. It's gentle and safe, dries up the blisters in a surprisingly short time, — often within 24 hours. At druggists, 59¢ Ask for **IVY-DRY**

"My hardest race," the blond, 94-pound youngster said, was with Terry Omundson. We had to race again to find out who won."

Roger was referring to the first dead heat in the history of the Jacksonville Derby.

The 1949 champion said that he built his sleek, gray colored racer in about 35 days. He apologized because his upholstering wasn't the best, then grinned quickly when a bystander asked him if he thought that made any difference.

he'd like to be an architect. His car, sponsored by the Jacksonville Appliance company, cost him \$6 to make, which incidentally is less than the 1941 winner paid for his. It weighs 120 pounds, and is made of plywood. The upholstering is oilcloth. The car makes up in speed what it lacks in beauty. Not only did Cannell have the second best time of the day, (40.1), but he beat George Thayer who bested him by .1 second for the fastest heat of the race.

Give Car "Going Over" Cannell says he is going to give his car a good "going over" between now and August 14 when he goes to Akron. And speaking of that Akron trip, the youthful champion said he is going to do his level best to win the national championship for Jacksonville.

An interesting commentary on sportsmanship demonstrated at the race was in the conduct of Cannell's opponents. While he was interviewed, many of his race rivals came up, shook his hand, and told him he had deserved to win.

Driver Injured In Truck Wreck On East State

James Jackson, 312 East Washington street, was hurled from the seat of his truck when he lost control of the vehicle in the 900 block on East State street Sunday night. Complaining of pains in his chest, Jackson was taken to Our Saviour's hospital by the Cooney ambulance where he was attended by Dr. Earl Walker.

Jackson, 31, sustained several broken ribs, abrasions on his face and possible internal injuries. He is under treatment at the hospital.

He was driving a 1941 Ford truck at 9:30 o'clock Sunday night when the truck collided with a bank near the driveway at 955 East State street. The truck then veered back on the pavement, coming to a halt when it struck a guy wire attached to a pole.

Jackson was found about 20 feet from the truck.

Several officers including Chief Kiloran, Capt Flynn and Paulomen Spreen and Wynn went to the scene of the accident. The damaged truck was towed to the Brummett garage.

A new plastic coating has been developed which will enable horticulturalists and packaging specialists to minimize spoilage and wilt, thousands of dollars' worth of damage to fruit, vegetables, and other products.

DOUBLE EAGLE STAMPS TUESDAY—HOPPER'S

A DRAMATIC MOMENT AT THE SOAP BOX DERBY

JUMP BUA BENDI "AKRON BOUND"

Poised on the starting ramp, the two finalists in the Jacksonville Soap Box Derby are ready for a dash down the race course before the eyes of several thousand persons. Bobby Slagle of Winchester (left) and Roger Cannell of this city are the two boys who went to the post in the final heat. Cannell, 13 years old, winner of Class A, finished ahead of Slagle, 11, the Class B champion. Cannell, son of Mr. and Mrs. Deane Cannell, 28 Sunset Drive, will receive an all-expense trip to Akron, Ohio, where he will compete in the national finals August 14. The Jacksonville champion is sponsored by the Journal-Courier in the Akron classic. The helmeted starter in the photograph is Harold Hills of the Exchange Club, co-sponsor of the Derby with the Journal-Courier and Corn Belt Chevrolet Co.

Boy To Undergo Operation Soon To Save Sight

Little Dennis Lewis will this week undergo a second operation in an effort to save the sight in his right eye.

Dennis was injured a week ago Sunday while playing with some other youngsters.

Dennis was struck in the right eye with a rock. At first the injury did not appear to be too serious. But complications set in after a few days, causing secondary hemorrhaging.

He has already had one operation. The second is expected to be conclusive. He is remaining at home and is being attended by Dr. A. G. Schultz.

Dennis is seven years old and the son of Mr. and Mrs. Barney Lewis, 755 East Chambers street.

TROPHY FOR CHAMPION

What 13 year old boy wouldn't be thrilled clear down to his toes after winning a Soap Box Derby? Roger Cannell was, and he was still breathing heavily when Ed Wood (right), Chevrolet district representative, presented him with a gold-plated trophy Sunday afternoon at the Derby course on Grove street. Cannell will go to Akron, Ohio, to compete in the national finals.

Nine Young Brazilians Make Friends Easily

Nine young Brazilian engineering students drove along East State street Sunday, looking for a place to eat. They spied a sign hanging in front of DeSilva's Cafe.

"The name sounds interesting," one of the students said to a companion. He was thinking of many names down South America way which have a similar sound.

The party of Brazilians entered the cafe, and after a few minutes were chatting merrily in Portuguese — their native language — with Charles DeSilva, Sr., the proprietor.

The young men were surprised to find someone who spoke their language. They said it was the first time since they left Washington, where they conferred with Brazilian consular authorities, that they found anyone who spoke Portuguese.

All of the group speaks fairly good English.

The nine Brazilians, all civil engineering students at the Polytechnic school in Sao Paulo, arrived June 28 at Miami, Fla., to begin a tour of American industries. They have already taken a swing through the east, and from here were en-

route to Quincy, Peoria, Chicago, Boston and New York.

They said Sao Paulo is a city of 2,000,000 population and that living conditions there are "much" the same as in your country.

While most Americans believe Brazilians speak Spanish, the visitors were quick to point out this error as their national language is Portuguese.

In the party of visitors were David Carneiro, Cassio Barbosa, Luiz Ferriando, Gabriel Prioli, Luiz Carlos Pereira De Almeida, Paulo Guarini, Nagib Maluff, Luiz Renato Santos Mauro and Raul Diniz.

Egg Nogs are good in summer as well as in winter. Beat an egg until it is pale and thick, add a dash of salt, a cup of cold milk, a tablespoon of sugar, and a quarter teaspoon of vanilla or grated orange rind. Serve with straws.

A COMBINATION GAS and OIL HOUSE HEATING SERVICE NOW AVAILABLE

In response to continued requests, Illinois Power Company is authorizing the installation of combination gas and oil house heating units by heating dealers.

These combination units are so designed that gas is burned as a fuel except during extremely cold weather. When the outside temperature drops to approximately 26°, the combination burned automatically shifts from gas to oil as a fuel.

In this way, oil is used as a fuel during extreme cold weather, which is the only time our gas supply is short. This shortage is occasioned by the present lack of capacity on the part of the pipeline company supplying this territory.

At the present time there is no indication as to when additional gas will be available. However, when sufficient additional pipe is installed by the pipeline company, these combination burners may be used for all winter gas use.

The cost of these combination units is considerably higher than either a straight gas or straight oil burner. Customers contemplating the purchase of such burners are advised that, in the event additional gas is released in sufficient quantities to permit all winter heating with gas, they will probably be able to reclaim only that portion of the additional investment than can be had from the sale of the oil storage tank.

During the past year our laboratory has tested various makes of combination burners so that only those of proven efficiency will be offered for sale by heating dealers. Sole responsibility for property sizing and operation of the units rests with these dealers.

Before any combination gas and oil unit is purchased, customers are advised to drop in at our office and obtain the facts concerning rules and regulations covering the installation and operation of this type of equipment. It is necessary that each customer sign an application for this newly available gas service.

Ways to Save

If you were a South American Indian from the upper Sipi River in western Colombia, your "savings" would consist of sun-dried cuca leaves, which you would be most careful to dry. Dried cuca leaves have a market, or "savings" value because when they are chewed they make you almost tireless at work — constantly adding to your strength.

Savings at Jacksonville Savings & Loan Assn. are somewhat like cuca leaves. They constantly add to themselves by earning a profit. And too, they "stand by you" in time of need.

FLAG-WAVING WAR—Utter confusion prevails as the first group of Japanese repatriates arrives in Tokyo from Soviet-controlled areas. Communist repatriates wave Red flags. Others wave Japan's "Rising Sun" flags. Still others wave flags bearing inscriptions to help them locate their families and friends. Many of the Communist displaced persons demanded time to register at Tokyo's Communist Party headquarters before departing for their villages in the north.

Henry Hubbert, Retired Farmer, Dies At Bluffs

Bluffs.—Henry Hubbert, prominent retired farmer, died Sunday at 6 a.m. at his home in Bluffs. He had been in failing health for several years.

A lifelong resident of Scott county, Mr. Hubbert was born on Sept. 27, 1868. He was married to Lena Feldbusch on Dec. 21, 1892.

His wife survives, together with four sons, Frank of Bluffs, Harry of Jacksonville, Walter of Winchester and Norman of Alton, 22 grandchildren and five great-grandchildren.

The decedent was a charter member of St. John's Lutheran church at Bluffs and was active in Bluffs lodge, No. 846, A.F. & A.M.

Services will be conducted Wednesday at 2:30 p.m. at St. John's Lutheran church by Rev. Johan Rodvik. Masonic services will also be held. Burial will be in Fairview cemetery.

The body is at the Bates Funeral Home and will remain there until the time of services.

Cars Crash Head-On Near Arnold; Three Victims Badly Hurt

Don Irving, widely known Chambersburg man, was one of three men who were seriously injured in a head-on automobile collision at 10:15 o'clock Monday morning on U. S. Highway 36, one and a half miles east of Arnold.

Irving, an employee of the traffic division of the office of Secretary of State, was hurled against the steering wheel of his 1949 Ford car. His companion, Russell Akin of Pittsfield, also was badly injured.

The third man injured in the wreck is Willis J. Martin, 314 West Clark street, Champaign, assistant claim superintendent of the Country Mutual Casualty Co. Martin was thrown entirely out of his Studebaker car.

Irving and Akin were slumped in the Irving car when help reached them.

Irving, who is prominent in Democratic politics, has been a Pike county supervisor and chairman of the board for a number of years, and was an unsuccessful candidate for Congress from the 20th district.

SIDE GLANCES By Galbraith

DON IRVING

The Pike county men were traveling east and Martin was driving west when the cars came together. Each of the three was conscious but dazed when Sheriff Ralph Burn reached the scene.

The sheriff asked the victims what happened, but none of the three was able to give details of the accident. Cooney's ambulance was called and took Irving and Akin to Our Saviour's hospital, and Martin to Passavant hospital.

Reports from the hospitals Monday night indicated that all three were in serious condition, but are all expected to recover.

The Pike county men were suffering from deep gashes on their foreheads. Martin also was cut and bruised.

Irving and Akin were attended by Dr. Reginald Norris. Martin was attended by Dr. Ellsworth Black.

The badly wrecked cars blocked traffic until the arrival of the sheriff and State Patrolman Hugh F. Park, who spent two hours at the scene of the accident.

The sheriff's office rendered assistance by radio. Chief Deputy Armin Frick calling the ambulance and Lukeman's wrecker.

Irving is an extensive farmer in the Illinois river bottoms in Pike county, across the river from Meredosia. He is a frequent business visitor in Jacksonville.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, July 18—(P)—Pork afoot stepped another 50 cents higher today and reached a top of \$23.50 for the highest price since last Nov. 30. Cattle were steady to 50 cents up but lambs were \$1 lower and ewes steady.

Butcher weight hogs sold from \$19 to \$23.25 but heavier weights above 330 pounds were scarce. Sows took \$12 to \$19 and a top of \$19.50.

Choice steers made \$28.25 and heifers \$27.25, with most good and choice fed steers going at \$25.50 to \$28 and medium to low-choice heifers at \$22.50 to \$26.75. Good cows topped at \$20, bulls at \$22.50, and vealers at \$26.

Choice Idaho lambs sold at \$25.50 and natives at \$25. Ewes topped at \$9.50.

Receipts included 9,500 hogs on sale, 13,000 cattle, 500 calves, and 1,000 sheep.

GRAINS END HIGHER BUT FAIL TO HOLD THEIR BEST GAINS

Chicago, July 18—(P)—Although grains failed to hold their best gains, most contracts managed to end higher on the Board of Trade today. The market started out strong in active trading. But around mid-morning the steam went out of the advance and prices thereafter backed down.

Lard and oats, just about the weakest commodities over the past several weeks, displayed the most strength. Lard gained in sympathy with an upturn in cottonseed oil and live hog prices. Short-covering helped along oats, selling well under government loan levels.

Soybeans and rye made headway against a good deal of profit-taking. Wheat fell back late in the session on easiness in cash market, going under Saturday's close. Although July corn gained, the deferred deliveries lost ground.

Receipts were: Wheat 719 cars, corn 108, oats 574, rye 24, barley 38, soybeans 31.

Wheat was unchanged to 12 higher. July \$1.98-1, corn was 1 to 18 higher. July \$1.40-4, oats were 1-13 higher. July 60-7, rye was 1 cent higher. July \$1.55-1, soybeans were 1 lower to 1 cent higher. July \$2.58-1, and lard was 15 to 23 cents a hundred pounds higher. July \$10.95.

East St. Louis Livestock

National Stockyards, Ill., July 18—(P)—(USDA)—Hogs, 10,500; fairly active; weights under 240 lbs. and sows 25 to mostly 50 cents higher than Friday's average; heavier weights 50-75 cents higher; bulk good and choice 180-230 lbs. 23.25-50; top 23.50; 240-270 lbs. mostly 21.50-23.00; 270-300 lbs. 20.75-21.75; around 350 lbs. 19.00; 140-170 lbs. 21.25-22.50; 100-130 lbs. 19.25-21.00; good sows 400 lbs. down 17.00-18.25; very few to 18.50; over 400 lbs. 12.50-16.25; stags 10.50-13.00.

Cattle, 6,500; calves, 1,400; common and medium light yearlings and all grades of steers slow; cows and bulls opening steady; common and medium cows largely 15.50-17.00; odd head good 17.50 and above; canners and cutters 11.00-15.50; medium and good bulls 19.00-21.00; cutter and common 16.00-18.00; vealers steady; good and choice 23.00-27.00; common and medium 18.00-22.00.

Sheep, 3,500; moderate sprinkling of good and choice spring lambs to butchers and shipper 24.00-50; about steady with Friday; early packer bids bearish.

Man Suffers Severe Burns By Touching High Tension Wire

Donat McNamara, an employee of the Illinois Power company, was critically injured about 9 o'clock Monday morning when he received several electrical burns by touching a high tension wire carrying 6900 volts.

McNamara was on a 30 foot pole doing construction work. He fell to the ground, landing on his back. He regained consciousness momentarily before being taken to Our Saviour's hospital in the Cooney ambulance.

Dr. Reginald Norris, who administered treatment at the hospital, said that the electrical current passed through McNamara's right hand to his right foot, leaving a large hole in the bottom of his foot.

Complete examination has not been made, but McNamara may have sustained a spinal injury. His condition was reported good Monday night.

The accident occurred on Route 36, south of Point church, where McNamara and four other men were working.

McNamara resides at 837 Goltz avenue.

New York Stock Market

New York, July 18—(P)—Modest demand for stocks kept the market on a stable footing today.

Price changes were mostly in small fractions with plus and minus signs thoroughly missed. Many issues remained at Friday's final levels.

Trading was on the slow side. Turnover hit a rate of only 750,000 shares or so for the full session.

Corporate bonds showed only small variations.

Jerseyville Man Hit By Lightning During Storm

Jerseyville—During the electrical storm which visited this vicinity early Saturday morning, a bolt of lightning struck the farm home of Virgil Campbell, knocked down Mr. Campbell and his dog which had followed him into the yard and skipped to the chicken yard where it stunned a number of the flock.

When Campbell regained consciousness he stated he smelled smoke and when he investigated found that a field of stubble nearby had been ignited by the bolt and was blazing. Approximately three acres of stubble was burned before the flames were extinguished by the heavy rainfall which accompanied the storm.

Mr. Campbell stated that two hours after the lightning hit, a number of the chickens were so dazed they were unable to locate their feed when it was thrown to them and that his dog exhibits great fear from the shock. Campbell's only ill effects from the experience was a burning sensation in his eyes and a pain about his chest.

Stan Spotts To Join Minor Baseball Team

By Bob Morris
"How soon can you be ready to go to Florida?"
How quickly could you be ready to embark on your baseball career if you were a young man, recently signed to a Washington Senator contract and awaiting a call to join some minor league club?
Stan Spotts—19-year-old Jacksonville baseball aspirant—heard the above query being voiced by Jack Rossiter over the telephone yesterday afternoon. Rossiter was ordering the local shortstop to report to Orlando in the Florida state (class D) league as quickly as he could. Stan didn't hesitate. He tremulously asked for 2,000 miles and himself for the 1,000 mile jaunt and

is on his way this morning for Springfield from where he will train for the sunshine state.
Team Currently Ruttled
Orlando's Washington owned team is currently ruttled in seventh place in the eight-team circuit. Owing to a string of only 27 wins as stacked against 52 losses, the Senator chatel camp is earnestly requesting replacements to bolster its shaky lineup. Spotts—a shortstop—will probably be inserted into the batting order promptly upon arrival at the Florida coastal city.

Dodgers Shutout Chicago Cubs 3-0

Brooklyn, July 18—(P)—Jackie Robinson stole home for the third time this season, and knocked in another run with a triple to lead the Brooklyn Dodgers to a 3-0 triumph over the Chicago Cubs tonight. Lefty Joe Hatten curled the shutout, allowing his "cousins" only five hits. The victory increased the Brooks' first place lead over the St. Louis Cardinals to two and a half games.
In the sixth Robinson opened with a walk, stole second and went to third on Mickey Owens' poor throw. Then, with one away, Jackie stole home for the third time in four attempts this year.
Hatten's victory was his eighth of the year. He allowed five hits, all singles, and walked two.

White Sox Defeat Yankees 6 To 5

Chicago, July 18—(P)—George Metkovich's tenth inning single scored Fred Hancock and Bud Souchook with the tying and winning runs as the Chicago White Sox defeated the New York Yankees 6-5 before 32,968 persons here tonight. The Yankees loss, coupled with Cleveland's 1-0 victory over Boston, cut the New Yorkers' league lead to four and a half games.

Stan recently inked a 1950 contract with the Senators through Springfield scout Jack Rossiter. With only half of the '49 season on the record books, he will sign another pact for the remainder of this campaign when he reaches Springfield today.

Had Funny Feeling
"I had a funny feeling that something like this was going to happen all day," Stan told the Journal Courier sports editor when interviewed last night. "When the operator said 'long distance,' I thought, 'Oh boy, this is it!'"
With the same psychic assurance that he'd get the telephone call, Stan further predicts that he'll make good with the minor league baseball club. He is in the pink of condition, having played all summer with the local Moose semi-pro team. His loss to the Jacksonville nine will leave an infield hole that is going to be hard to plug.
The youth graduated from Jacksonville high school with the mid-term class of 1949. He worked for the Journal-Courier after graduation. Stan is the son of Mr. and Mrs. D. M. Spotts who reside at 853 E. State street.

Cincinnati Whips Braves 6 To 1

Boston, July 18—(P)—Lanky Ewell Blackwell and Eddie Erazt limited the Boston Braves to three hits, including Tommy Holmes' fourth homer of the season, today to give the Cincinnati Reds a 6-1 decision that evened their 1949 competition at seven games all.

Holmes' drive into the right field bull pen came as he opened the lower side of the fifth inning and was the first safe blow against "Bugsy Whip."
Long before that, however, the string beanish right hander appeared bothered by the 52 degrees temperature and the unbearably high humidity.
After Al Dark followed Holmes with a single, Blackwell, complaining of a stomach ailment, was relieved by Erazt, who drew credit for the win.

The Reds clinched their second triumph in the three game series by blasting Vernon Brock for five runs in the third on a quintet of singles plus Virg Stallcup's double.
Glenn Elliott then relieved Bickford, who was striving for his 12th win, and Red Barrett took over the Boston mound in the sixth.

Cleveland Edges Boston 1 To 0

Cleveland, July 18—(P)—Cleveland Indian Rookie Mike Garcia hurled six-hit ball tonight as the Indians edged the Boston Red Sox 1-0 before 34,632 fans.
Maurice McDermott of the Red Sox was superb, but a double by Jim Hegan spelled his defeat in the eighth game. He allowed seven scattered hits.
Garcia, a burly right hander, was at his best when the Red Sox men in scoring position. From the second inning through the fourth, and again in the seventh, the Sox had runners on second or third, but Garcia put out the fire each time.

GIVE FARMERS EXTRA TIME ON INCOME TAX

Washington, July 18—(P)—The House passed today a dissenting voice today a bill giving farmers a couple of weeks extra to file their annual income tax estimates.
Because their income is uncertain and subject to great fluctuation, farmers are not required to file a declaration of estimated tax until January 15 followed the year in which the tax liability was incurred.
The new bill, which now goes to the Senate, gives farmers until January 31 to file their estimates.
The average American normally eats about 12 pounds of butter a year, according to the Encyclopedia Britannica.

Sammy Sneed Wins 1st Money In Dapper Dan Golf Tournament

Pittsburgh, July 18—(P)—Sammy Sneed pumped his pars and birdies out of Alcoma's soggy fairways as the oil well that stands behind the 18th green to win the \$2,600 top money in the Dapper Dan open golf tournament today.
Under pressure all the way as a result of Lloyd Mangrum's final round of 67, Sneed came through with the score he needed, a one-under-par 71, to win by one stroke.
The White Sulphur Springs (W. Va.) wallpoper posted a 72-hole total of 274 in this rain-delayed tournament as compared to the Chicagoan's 275. National Open Champion Cary Middlecoff of Memphis, Tenn., who beat Sneed in a similar finish at Reading, Pa., last week, tied for third with Herman Barron of White Plains, N.Y. They had totals of 278 as Middlecoff shot a 69 through 70-day's showers and Barron a 70.
Six players tied with 281's, among

them Bob Hamilton of Landover, Md., and Dick Metz of Virginia Beach, Va., rivals for a place on the 1949 United States Ryder Cup team. By shooting an even par on his last round for this tie, Hamilton clinched the points he needed for the tenth place on the team. Vic Ghezzi, last year's Dapper Dan winner and Hamilton's closest rival, finished ten strokes further back.
The final round scheduled for yesterday but postponed because of a driving rain, was played through intermittent showers.
In spite of the weather, a surprisingly large crowd of about 3,000 turned out to see the two-man finish.
Sneed's \$2,600 in "official" prize money returned him to the top of the winning list for the year with a total of \$20,960.83. Middlecoff, who took the lead last week, earned \$1,275 for his third-place tie for a total of \$20,024.57.

Brooks Increase Lead As Cards Lose 7 To 4

New York, July 18—(P)—Monte Kennedy pulled the New York Giants out of three-game losing streak today by handing the second place St. Louis Cardinals a costly 7-4 setback.

Home runs by Sid Gordon and Bobby Thomson helped the Giants

Dom DiMaggio Takes Lead In AL Batting With 342

Chicago, July 18—(P)—Dom DiMaggio, bespectacled Boston outfielder, took over first place in the American league batting averages last week over George Kell of Detroit.

DiMaggio climbed four points to .342, compared with .336 for Kell, who dropped nine points.
Other leaders included Ted Williams, Boston, .329; Dale Mitchell, Cleveland, .321; Roy Sievers, St. Louis, .312; Cass Michaels, Chicago, .311; Johnny Pesky, Boston, .309; Jerry Priddy, St. Louis, .307; Eddie Robinson, Washington, .304; and Bob Dillinger, St. Louis, .304.

Vern Stephens of Boston led in the important runs batted in department, with 93, and also in home runs, with 23.
Eddie Joost, Philadelphia, led in runs scored, with 81. Pesky had the most hits, 106. Williams and Hank Majeski of Philadelphia were tied with 24 doubles each, and Mitchell led in triples, with 12. Bob Dillinger had 9 stolen bases to lead in that department.

Allie Reynolds of the New York Yankees led in pitching percentages, with 10 victories and 1 defeat for .900. Virgil Trucks of Detroit led in strikeouts, with 102.

The weatherman picked a most opportune time to play ball with Nichols Park, etc. The testy old cuss allowed the second Annual Western Illinois Invitational softball tournament to carry on without a dripping mishap. Two nights had officials biting their nails when showers threatened to halt proceedings, but proof that Recreation Club members have been living right was displayed when the rains departed without causing game-stopping damage.

Speaking of Recreation Club officials, they're not going to give you softball fans any peace this Wednesday. The Oklahoma Cowboys have been booked for this Wednesday evening at the Southside park. They'll tangle with the local Implement Dealer squad at 8 p.m.

Paul Stroud—Myers Bros. shortstop—broke out of his hitting slump a la Stanley Musial in the tournament finals Sunday night. In his first appearance at the platter, the diminutive short-fielder rattled several boards in the dead-centerfield fence with a drive that netted him three legitimate bases and another when the centerfielder threw wide trying to nip him at the hot corner. In his next performance with the lumber, P. J. lofted a towering fly over the left centerfield slats for a four-bagger the easy way. He was content with a single in another trip to the dish to conclude a nice evening's work with a 3 for 4 record at the plate.

The championship game Sunday evening between Myers and the Springfield Sixth Street Merchants was by no means representative of what the capitol city batsmen can do. Their twirler Bill DeLonaia—a fine pitcher by the way—was throwing "em in there for the sixth consecutive night, and the big boys tell me that sort of pitching is hard on the flipper, unless, of course, the hurler is ambidextrous.

We were privileged to write a story that marked one of the biggest steps in athletics progress that Jacksonville has taken in many moons, last night. Stan Spotts has been ordered to

Malcolm Stewart Gives Red Cross Convention Report

Dr. Malcolm F. Stewart, past chairman of the Morgan county Red Cross chapter, and official delegate to the Red Cross national convention held in Atlantic City has reported on his activities at the meeting.

Dr. Stewart said that 5,000 delegates from this country and several foreign countries were present. Among the delegates was Harold Russell, handless war veteran and star of "Best Years of Our Life."

The Morgan county delegate listened to speeches by Secretary of Defense, Louis Johnson, Mrs. Franklin D. Roosevelt, Claire Booth Luce, and George V. Allen.

Among various demonstrations Dr. Stewart witnessed was a 45 minute display by the Atlantic Beach Patrol on water rescue.

Thresher, Steam Engine Attracts Visitors To Rees

An steam operated threshing rig, currently in operation at the Evergreen farm operated by Milford Rees, is attracting considerable attention. Steam engine enthusiasts from Morgan and adjoining counties visited the farm Saturday when a field of oats was threshed. The crew was rained out Monday but, if the weather is clear, threshing will be resumed Tuesday.

Interested persons are invited to come out to the farm at Rees station. Some young visitors there Saturday had never seen a steam-driven thresher in operation before.

CARS BATTERED BY IMPACT

Three men were seriously hurt when the two cars pictured above crashed in a head-on collision near Arnold yesterday. The car on the right was occupied by Don Irving of Chambersburg and Russell Akin of Pittsfield.

The two cars hit with such an impact that the motors of both cars were pushed nearly to the front seats. Both steering wheels were thrust almost to the ceilings.

Many persons inspected the wreckage at Lukeman's garage throughout the day.

Mr. and Mrs. Byron Edwards and Mr. and Mrs. Russell Knight have left on a trip to Colorado.

Mr. and Mrs. Arthur Reeve of Jacksonville have returned from a two-week vacation at Matanza Beach.

Mr. and Mrs. Neil Staley and family of St. Louis spent the week end with friends and relatives in Jacksonville.

Actress To Take Rest Because Bug Drops Down Neck

Dallas, July 18.—(P)—Stage actress Nannette Fabray is going to take a two weeks rest because a bug dropped down the neck of her dress during a performance last night.

She was the leading lady in "Bloomer Girl" and had just begun her song in the second act when the incident occurred. She rushed off the starlight opera stage screaming.

The bug was a cricket, her husband, David Tabet, said today.

Tabet said his wife took a sedative to sleep last night and would be able to begin a trip later today to California, where she will rest for two weeks.

Opera officials explained last night Miss Fabray had a deep fear of bugs because she had been frightened by a swarm of locusts when she was a child.

Courtney Wright Entertains Club

Mrs. Courtney Wright, 605 W. College avenue, entertained the Morgan County Garden club Friday evening in her garden. The guests came at 5 o'clock when the late afternoon sun brought out the lovely colors of the many lilies planted there.

Among the flowers is one variety of hemlock lily, which was developed by Mrs. Bach of Normal and named for the hostess. The Courtney lily is rich red in color and makes a striking contrast to the other flowers.

Later in the evening a delicious potluck supper was enjoyed from tables arranged on the lawn. Mrs. H. C. Merriman conducted the business session.

Many Dogs Stolen In Jersey County

Jerseyville—Dog thieves continue active in Jersey county. Lawrence Allen of Jerseyville reports the disappearance of a four month old black and tan pup from a leash in the yard at his home. Allen is a member of the Jersey County Sportsman's club and the organization is attempting to locate the missing or stolen pup. During the past year as many as a score of dogs of various breeds have been stolen in Jerseyville and the surrounding country.

Concord Farmer Chosen To Make County Race

Virgil Wegehof of Concord, well known Morgan county farmer and livestock producer, was nominated Democratic candidate for county commissioner Monday night when the Democratic central committee convened at the Dunlap hotel. By unanimous action the convention named Wegehof to oppose Walter Fearnough of Jacksonville, Republican incumbent, in the county election to be held Nov. 8.

Harry Doolin of Jacksonville, chairman of the Morgan county central committee, presided at last night's meeting and Milton Seymour of Franklin was the secretary.

Forty-eight years old, Mr. Wegehof always has resided on the farm northeast of Concord. He is married and has three daughters. He is the township chairman of the Morgan county Farm Bureau and a member of the board of education of district 27, the newly consolidated district which comprises Chapin, Concord, Arenzville and Merodisa. He has never run before for a county office.

Jerseyville Cars Will Be Checked In Safety Lane

Jerseyville—The Safety Division of the Illinois Highway department is bringing a "Safety Lane" to Jerseyville this week to check cars for safety defects. The safety lane will be set up on the west side of North State street between the Jersey State bank and the Jerseyville Refrigeration store. It came here Monday noon and will stay until Friday noon. The Jerseyville Junior Chamber of Commerce is cooperating with the State Highway department in sponsoring the appearance of the safety lane.

Marion Beach is president of the Junior organization and he is urging car owners to avail themselves of the opportunity to have their cars tested for defects. The service is free and there will be no penalties for any illegal conditions located as the result of passing the vehicle through the lane.

Five representatives of the State Safety division will be in charge of the safety lane and a representative of the Junior Chamber of Commerce will also be present to request residents to have their cars checked.

After the cars have been checked and no defects found, the owner will be given a safety sticker. Defects will be listed on a check list, and owners will be requested to have them remedied as soon as possible.

3 Teachers Sign School Contracts In Waverly, Ill.

Waverly—Contracts were signed during last week with three new teachers for Waverly high school. This leaves only one vacancy in the school.

The three new teachers are Carol Lowe of Pittsfield, who will teach biology and serve as coach; Miss Alta Nortup, of Chapin, who will direct the home economics department, and Miss Margaret Triplett, who has been teaching in the Franklin school the past two years, and will teach English I and II, and be part time commercial teacher.

During the social hour games were played. Refreshments were served by Kay Wessler, Helen Kolber, Eileen Brall, Beverly Beets, Susan Shannon, Anna Jones, Deloris Cox and Sally Hierman.

Ann Quigg of Virginia spent the past week with Mr. and Mrs. Ralph Clark and family.

Red Chief Top Yielder Of Royal Oakes Plots

Bluffs—Red Chief, a favorite in Kansas, made the best yield when the Royal Oakes wheat plots were harvested last week. Its yield, plus the quality of the sample, surpassed the 10 other varieties grown this year in one-tenth acre plots north-west of Bluffs.

Red Chief made 43.6 bushels. The sample tested an even 60 pounds, the best test weight, and held only 13.19% moisture, the lowest of the lot.

Clarkan and Pawnee, the favorite soft and hard winter wheats in this vicinity, ranked sixth and seventh respectively.

Triumph won second rating, followed by Illinois 37-1153, Illinois 40-679, and Wichita.

Mr. Oakes was disappointed with this year's performance of Butler, an Ohio importation. It looked very good standing, and made 39.9 bushels, one-tenth of a bushel more than Royal. But the sample was poor. It carried the unusually high moisture content of 18.27%.

Local Residents Represented On Market Recently

Harold W. McDewitt of Franklin sold recently through his cooperative, the Producers Live Stock Marketing Association at National Stock Yards, Ill. a 35-head drove of 230-lb. swine at \$22.50 cwt. Among a few other sales made recently for Morgan County residents through the Association include:

Marty Ryan, Jacksonville, also secured \$22.50 cwt. for 13 head of hogs averaging 242 lbs.

Twenty-one head of porkers scaling 222 lbs. changed hands at \$22.00 cwt. for Lloyd Dahman of Franklin.

A half-don head of 53-lb. steers passed the scales at \$20.00 cwt. for Carl Lopet of Jacksonville.

A shipment of hogs from WA farm of Murraville included 22 head of 182-lb. averages at \$22.00 and 17 head weighing 124 lbs. sold at \$20.00.

Earl Farmer of Jacksonville sent in 11 head of 164-lb. hogs and received \$21.25 cwt.

A. S. Reichert, Waverly, marketed a small lot of 240-lb. swine at \$21.75. The price of \$21.75 cwt. was obtained by Herman Crouse of Waverly for 13 head of 185-lb. hogs.

Shipping out of Franklin, W. P. Froge marketed 11 head of 220-lb. swine at \$21.75.

Tells Of Suicide Pact Which Wife Kept But He Didn't

Tulsa, Okla., July 18.—(P)—A deaf mute told on his fingers today how he watched his wife kill herself with a shotgun, then ran out on his part of their suicide pact.

"I couldn't go through with it," said 32-year-old Samuel Billups in a statement in sign language to Assistant County Attorney James P. Devine.

"After making the statement interpreted by his sister, Billups was charged with aiding a suicide.

He gave this account of the death of his wife Vivian, 27, also a deaf mute.

His wife had long been ill—"she just couldn't get well and said she would rather die than live," he said.

"They agreed to take their lives together and slipped this morning from the home of his parents, Mr. and Mrs. Sims Billups, where they lived with their two children, one 6 years old, the other 7 months.

Arenzville Girls Win Scout Badges

Arenzville—Margaret Hierman, Sharlene Hobrock, Linda Lou Walker and Helen Jo Janssen, who recently advanced from the Brownies, received badges at the Girl Scout Scout meeting held recently at the home of Mrs. Joe Hobrock.

Karla Hart and Donna Lou McLain are leaving the organization and were given farewell gifts. Each scout received a pen for the year's work.

During the social hour games were played. Refreshments were served by Kay Wessler, Helen Kolber, Eileen Brall, Beverly Beets, Susan Shannon, Anna Jones, Deloris Cox and Sally Hierman.

Lie Test Shows Man Did Not Kill Rinearson Girl

Chicago, July 18.—(P)—Police said a lie detector test today showed Robert (Red) Laird, 36-year-old convicted robber, had no connection with the death of ten-year-old Roberta Rinearson.

The girl's body was found on a lonely road near suburban Elmhurst last Dec. 18.

Police said Laird had admitted a detailed knowledge of the Rinearson case but said it was from discussing it with friends.

Laird, formerly of suburban Cicero and more recently of Tecopa, Calif., was convicted of the robbery of three hotels a week ago. He was given a 3-15 year sentence along with his accomplice, Daniel (Lucky) Kelly, of Los Angeles.

Rural Youth Holds Spots Festival

The Morgan County Rural Youth held its annual Sports Festival Sunday, July 17 at the home of Art Roth. Sixty Rural Youth and guests attended the event. Counties represented included Menard, Cass, Scott, Sangamon, and Morgan.

A potluck dinner was followed by mixers, and participation in croquet, volleyball, clock golf, horseshoes, and baseball. Prizes were awarded to winners or winning teams in these sports.

The president of the Rural Youth group is Ray Zachary and the host is Art Roth. The Sports Festival committee consisted of Louise Hitt, Elizabeth Hardy, Olinda Seibenman, and Virginia Lewis.

Plucky 13 Year Old Wins Trip To Akron; Bobby Slagle Second

Putting every ounce of energy of his 94 pounds into each race, 13 year old Roger Cannell rolled to victory Sunday in the 10th annual Journal Courier Soap Box Derby—then cried with joy.

Three or four tears that trickled down the plucky little champ's cheeks were under control by the time Derby officials and friends surrounded his car after it flashed across the finish line 10 feet in front of another speedy car piloted by Bobby Slagle of Winchester.

Several thousand persons saw the Soap Box Derby, in which 43 boys of the Jacksonville area raced for trophies, prizes, and a chance to represent the Journal Courier in the national finals at Akron, Ohio, on Aug. 14.

Cannell raced his way to championship in his third year of competition. Perhaps that was why he shed a few tears after he saw the flag go up, and knew that the all-expensive trip to Akron was his, after watching two other fellows win the race in previous years.

Champ Has Close Call

Championship did not come easily for Cannell, who is the son of Mr. and Mrs. Deane Cannell, 28 Sunset Drive. He engaged in a terrific battle with Jerry Umundson in one of the earlier heats, which wound up in a dead heat. The judges said the wheels of both cars hit the white finish line at precisely the same moment. In the run-off a few minutes later, Cannell finished in front.

After picking off the Class A championship by defeating Donald May, Cannell encountered another worthy opponent, Bobby Slagle, winner of Class B. The Winchester boy, 11 years old, is the son of Mr. and Mrs. C. R. Slagle.

Cannell's car was sponsored by the Jacksonville Appliance Co. Slagle was at the wheel of a neat little car sponsored by the Highway Cafe Station of Winchester.

Derby Outstanding Success

With several thousand excited and enthusiastic spectators lining the course on Grove street between Park and Westminster streets, the Derby again established a pattern for perfection that is matched by few Derbies in the United States.

Shaded by large trees, Grove street was converted into a modern race course by the Exchange Club, with the Corn Belt Chevrolet Co., who are co-sponsors of the event. The course was fenced off completely so that fans could not flock on the street. A starting ramp with smoothly-working release mechanism was erected at Park street. A telephone system, loud-speaker system and electric signals completed the elaborate setup.

Uniformed, helmeted soldiers of Company G, 123rd Infantry of the Illinois National Guard, were posted at intervals along the 1,100 foot course, while members of the Jacksonville police department mingled with a good-natured, orderly crowd. Exchange club members wore official Derby helmets, all of which contributed to the impressiveness and color of the event.

Ed Wood, representative of the Chevrolet Motor Co., in the St. Louis district, said that the Jacksonville Derby undoubtedly is one of the most skillfully staged races of any among the 140 cities which send winners to Akron. He was backed up in this assertion by Frank Goin of the Corn Belt Chevrolet Co., who has worked diligently for several months with the other sponsors in making the Derby successful.

National Finals Aug. 14

Cannell will begin immediately to make arrangements for his trip to Akron, where on Aug. 14 he hopes he can not only duplicate the feat of John English last year in winning his first heat, but go on to the national championship.

He will test his plywood car to see that it is in top condition after the grueling contest Sunday. The car will be repainted with the words "Jacksonville, Ill., Journal Courier" prominently displayed on each side, as all finalists at Akron are sponsored by newspapers.

The traditional question of whether the north or south lane of the Derby course is fastest popped up again when the north lane turned up a much larger per centage of winners. Forty-three contestants won in the north lane, while only four won in the south. There was one dead heat. However, both winners of Class A and B championship rolled to victory in the south lane.

Asphalt Course Soft

Time of the races was slightly slower than the average for last year. Some observers said the asphalt pavement may have become softer due to the extensive heat earlier this month.

John English, last year's champ, set the pace for the 1949 Derby by coasting over the course in 39.5 seconds. Cannell's winning time in the final race was 40.2 seconds.

Exchange club members assigned to duty at the starting ramp kept the many heats moving with precision. Harold Hills served as starter, assisted by Harold Kamm and Glen Spencer, who manipulated the lever that dropped the starting bar.

Busy on the ramp were Bruce Thomson, Bud Boruff, Russell Armstrong and Clarence Richardson, who kept the contestants in starting order, and manned the telephones.

Makes Close Decisions

The judges, James Stubblefield, Prof. W. F. Bailey and Wilford Queen, often were required to make close decisions. Melvin Harris officiated as timekeeper. Chick Henke was at the microphone of the sound system.

The Red Cross was prepared to handle emergencies at a first aid tent which was erected near the finish line, but there were no injuries. The emergency tent was in charge of Mr. and Mrs. Howard Reynolds and Mrs. Bessie Spaulding, registered nurse, of the health department.

Most of the crowd formed along the picket fence which lined the street, but many residents of Grove street witnessed the races from verandas. A number of residents of the nearby Illinois Christian Home came out on the lawn and sat in benches to watch the youngsters race for the Derby honors.

Cannell was presented with a handsome goldplated trophy in addition to winning the trip to Akron.

Prizes For Winners

Prizes were awarded to winners at Westminster street finish line immediately following the championship heat. Top winners of them all, Roger Cannell, received the coveted Armstrong award given to city winners throughout the United States.

The runner-up, Bobby Slagle, received a handsome cup from the Exchange club. Other prizes included the Shell cup, given to George Thayer for the fastest heat; alarm clock, given to Butler Lacey for the best upholstered car; a small racer, given to Allen Biggs for the second best constructed car; and a tool chest given to Allen Biggs for the best constructed car.

Gettysburg, Pa., July 18.—(P)—A truck driven by a blind man and a boy tipped over on a dirt road today, killing four-year-old Barry Schultz, state police reported.

State policeman David James said the accident occurred on a rural road as a family of seven set out to do some cherry picking.

James said that Nelson E. Schultz, 26, a veteran, blinded in World War II, was behind the wheel, operating the pedals, with his brother, Merle, 11, steering the truck. He said the truck tipped over, pinning Barry under it. Others aboard the truck suffered minor hurts.

James said investigation into the accident was continuing. A coroner's inquest probably will be held.
